## CHANGE HISTORY

---

Regulated Entities. Docket Number [GP24-008] Dated 01/04/2024.

Version 11.0 - This Amendment is made to update Volume 01 with applicable information including, the GACA and Aviation Safety & Environmental Sustainability (AVSES) hierarchies, ICAO information, departments responsibilities and the National Transport Safety Center (NTSC) (AIB previously) excerpts in this volume. Docket Number [GP24-010] Dated 29/04/2024.

### **Volume 2**

Version 2.0 - First official version published.

Version 3.0 - Header and footer style updated.

Version 4.0 - Section 2 of Chapter 7 updated to include guidance concerning fatigue risk management systems (FRMS).

Version 5.0 - Affected paragraphs : Volume 2.2.1.5. and APPENDIX A. COMPONENT 1.0. Docket Number [EB21-005] Dated 15/04/2021.

Version 6.0 - Adding new chapters 8, 9, 10 and 11; To provide the policies, practices and procedures for the implementation of GACAR Part 4. Docket Number [EB22-006] Dated 13/06/2022.

Version 7.0 - Adding new element to eBook Volume.02, Chapter 4 Section.01, which will stipulate the designation of an accountable executive as well as his responsibilities and to specify the implementing policies, processes, and procedure for GACAR § 5.25. Docket Number [EB23-004] Dated 19/02/2023.

Version 8.0 -Major amendment to eBook volume.02 to align it with the latest update to ICAO annex 19. The amendment is reflected in the following:

- 1- Applicability of GACAR 5 on GACAR part 21.
- 2- Safety policy requirement about the management commitment towards positive safety culture.
- 3- Safety objective requirement to reflect the certificate holder's commitment to continuously monitoring SMS and safety performance.
- 4- Documenting and communicating safety accountabilities and responsibilities of the certificate holder across the organization.
- 5- Inclusion of safety objectives, SMS requirements, accountability, responsibility, and authorities for SMS processes and procedures.
- 6- Reactive and proactive methods of hazard identification.
- 7- The addition of risk Severity definitions.
- 8- Updated safety risk probability, severity, risk tolerability tables, and safety risk matrix. Docket [GP23-009] Dated 20/03/2023.

---

## CHANGE HISTORY

---

Version 9.0 - A new section to GACA eBook Volume-2 Chapter-8 to stipulate the GACA “internal” governance throughout the process of Safety Data Collection and Analysis between the GACA safety & Risk Department and the other “domain specialized” departments within the Aviation Safety and Environmental Sustainability Sector. Docket Number [GP24-001] Dated 03/01/2024.

Version 10.0 - Adding a new Section, Section 3. State Safety Risk Profile. Docket Number [GP24-022] Dated 26/08/2024.

Version 11.0 - Adding a new Appendix, Appendix E. Safety Management System effectiveness Checklist. Docket Number [GP24-023] Dated 26/08/2024.

Version 12.0 - This amendment provides a Framework for the management of the KSA Safety Risk Register (SRR). It defines roles and responsibilities, inputs and outputs and the implementation and management mechanisms for the SRR. Docket Number [GP24-004] Dated 11/02/2024.

Version 13.0 - To avoid conflicts of interest, the safety manager should not have any operational responsibilities, and the safety manager acceptance form has been updated. Docket Number [GP24-016] Dated 03/12/2024.

### **Volume 3**

Version 2.0 - First official version published.

Version 3.0 - Header and footer style updated.

Version 4.0 - Header and footer style updated.

Version 5.0 - Affected paragraphs : Volume 3.8.1. and 3.8.2. Docket Number [EB21-001] Dated 02/02/2021.

Version 6.0 - Affected paragraph : Volume 3.1.1.7 adding the text "The meeting may be conducted physically or virtually at the applicant discretion". Docket Number [EB22-002] Dated 10/02/2022.

Version 7.0 - Motion Picture and Television Filming Operations Authorization is covered jointly with the GACAR regulatory regime, under the same authorization for photography and survey operations. This is done by issuing one OpSpec (A-18) for Part-133 AWOC holders. Based on the experience gained in this area and benchmarks with other leading authorities, it has become evident that this type of operation involves more risk factors than "photography and survey operations." As a result, a separate authorization for Motion Picture and Television Filming Operations has been proposed. This docket proposes the required amendments to the pertinent eBook sections in Volumes 3, 4, 12, and 15, in addition to the proposed amendments to GACAR Part-133 OpSpec templates for the addition of the new OpSec (A-19). Docket Number [GP23-014] Dated 02/01/2024.

## CHANGE HISTORY

---

### **Volume 4**

Version 2.0 - First official version published.

Version 3.0 - Header and footer style updated. Added new Chapters 32 and 33.

Version 4.0 - Corrected Section 3 of Chapter 16 to remove aircraft age limits for wet lease-in.

Version 5.0 - Revised Chapter 4, Sections 2 and 3 to better align fuel and oil supply requirements with GACAR § 121.1381.

Version 6.0 - Adding new chapter (No.34) to Volume No.04 titled “AUTHORIZATION OF E-LEARNING TRAINING PROGRAMS” applicable to all e-learning theoretical training conducted by any GACA regulated entity in compliance with the GACARs requirements. Docket Number [EB21-007] Dated 10/08/2021.

Version 7.0 - The Motion Picture and Television Filming Operations Authorization is covered jointly with the GACAR regulatory regime, under the same authorization for photography and survey operations. This is done by issuing one OpSpec (A-18) for Part-133 AWOC holders. Based on the experience gained in this area and benchmarks with other leading authorities, it has become evident that this type of operation involves more risk factors than "photography and survey operations." As a result, a separate authorization for Motion Picture and Television Filming Operations has been proposed. This docket provides for the required amendments to the pertinent eBook sections in Volumes 3, 4, 12, and 15, in addition to the proposed amendments to GACAR Part-133 OpSpec templates for the addition of the new OpSec (A-19). Docket Number [GP23-014] Dated 02/01/2024.

Version 8.0 - Updating table (4.21.6.11) to stipulate the Rotorcraft Flight Training Curriculum Segments for Part 121 and 135. Docket Number [GP24-013] Dated 15/07/2024.

### **Volume 5**

Version 2.0 - First official version published.

Version 3.0 - Header and footer style updated.

Version 4.0 - Updated Section 7 of Chapter 1 to include ADS-B.

Version 5.0 -

1- Chapter-11 Section-1 Completely revised.

2- Chapter-11 Section-2 New Section.

Version 6.0 - (Updated Version)

1- Chapter-11 Section-1 Completely revised.

2- Chapter-11 Section-2 New Section.

Version 7.0 - This revision is to stipulate the requirements for enabling GACA to issue an authorization allowing helicopters operating under PC2WE. Docket Number [GP24-006] Dated 25/04/2024.

---

## CHANGE HISTORY

---

### **Volume 6**

Version 2.0 - First official version published.

Version 3.0 - Header and footer style updated.

Version 4.0 - Added Section 6 to Chapter 2 addressing the airworthiness certification of light-sport aircraft (LSA).

Version 5.0 - Corrected regulatory reference in Appendix B checklist and minor errors in Chapter 2, Section 1, paragraph 6.2.1.11.

Version 6.0 - Removing text "may not be installed by the third party" in chapter 2 Table 6.2.5.1. Refer to docket number: EB 19-001.

Version 7.0 - Updating Table 6.2.5.1. Parts Acceptable for Use on Saudi Arabian-Registered Aircraft. Docket Number [AC 021-02] Dated 24/05/2021.

### **Volume 7**

Version 2.0 - First official version published.

Version 3.0 - Header and footer style updated.

Version 4.0 - The existing eBook Volume-7 has been completely revised to reflect the major changes in GACAR Parts 139, 138, and 137. Docket Number [EB22-003] Dated 22/03/2022.

Version 5.0 - This amendment stipulates an interim methodology for the authorization of Vertiports within the Kingdom of Saudi Arabia. Docket Number [GP24-025] Dated 22/10/2024.

### **Volume 8**

Version 1.0 - First official version published.

Version 2.0 - Header and footer style updated.

Version 3.0 - Header and footer style updated.

Version 4.0 - Header and footer style updated.

Version 5.0 - Header and footer style updated.

Version 6.0 - Several minor changes to improve readability.

Version 7.0 - Affected Chapter 8.3. Docket Number [EB21-008] Dated 18/08/2021.

### **Volume 9**

Version 3.0 - Header and footer style updated. LSA repairman ratings added in Chapter 5, Section 4.

Version 4.0 - Revised temporary airman certificates in Chapter 1, Section 5. Added new Section 16 to Chapter 2 to address sport pilot certification.

Version 5.0 - Revised Chapter 2, Section 11 to removed references to the conversion of foreign Armed Forces pilots from ICAO Contracting States. Corrected regulatory reference in paragraph
