

## CHIEF INSPECTOR QUALIFICATION SUMMARY

### GACAR PART-121

The Chief Inspector completes this form and attaches his/her resume. The Qualification Summary Form and supporting documentation is submitted along with all other items listed in the Pre-Application Checklist (PAC).

|                                |  |
|--------------------------------|--|
| Name                           |  |
| Address                        |  |
| Telephone number               |  |
| Present Position/Company       |  |
| Air Carrier Certificate Number |  |
| Proposed type of airplane      |  |

#### § 121.49 MANAGEMENT PERSONNEL: QUALIFICATIONS

|     |                                                                                                                                                                                                                                        |      |    |
|-----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|----|
| (b) | To serve as chief Inspector a person must—                                                                                                                                                                                             |      |    |
| 1.  | Hold a Mechanic Certificate with both airframe and powerplant ratings, and have held these ratings for at least 3 years;                                                                                                               |      |    |
|     | Certificate number                                                                                                                                                                                                                     |      |    |
|     | Original date of issuance                                                                                                                                                                                                              |      |    |
| 2.  | Have at least 3 years of maintenance experience on different types of large aircraft with 10 or more passenger seats with an air operator or certificated repair station, 1 year of which must have been as maintenance inspector; and |      |    |
| 3.  | Have at least 1 year of experience in a supervisory capacity maintaining the same category and class of aircraft as the certificate holder uses.                                                                                       |      |    |
|     | Type of airplane(s)                                                                                                                                                                                                                    |      |    |
|     | Time period                                                                                                                                                                                                                            | From | To |
|     | Employer(s)                                                                                                                                                                                                                            |      |    |
|     | Air Carrier Certificate Number                                                                                                                                                                                                         |      |    |
|     | Address                                                                                                                                                                                                                                |      |    |
|     | Telephone number                                                                                                                                                                                                                       |      |    |
|     | Position held                                                                                                                                                                                                                          |      |    |

In addition to the items listed above, the person selected for this position must provide documentation to satisfy the following requirements

#### § 121.45 Management Personnel Required.

|       |                                                                                                                                                                                                                              |
|-------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (e)   | The individuals who serve in the positions required or approved under paragraph (a), (b) or (c) of this section and anyone in a position to exercise control over operations conducted under the operating certificate must— |
| (1)   | Be qualified through training, experience, and expertise;                                                                                                                                                                    |
| (2)   | To the extent of their responsibilities, they have a full understanding of the following materials with respect to the certificate holder's operation:                                                                       |
| (i)   | Aviation safety standards and safe operating practices;                                                                                                                                                                      |
| (ii)  | GACAR;                                                                                                                                                                                                                       |
| (iii) | The certificate holder's operations specifications;                                                                                                                                                                          |
| (iv)  | All appropriate maintenance and airworthiness requirements of the GACAR; and                                                                                                                                                 |
| (v)   | The manual required by GACAR § 121.139.                                                                                                                                                                                      |
| (3)   | Discharge their duties to meet applicable legal requirements and to maintain safe operations.                                                                                                                                |

#### GACAR § 119.43 Issuing or Denying a Certificate.

(b) An application for a certificate may be denied if the President finds that—

|     |                                                                                                                                                                                                                                                                                                                                                                                                                                               |
|-----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (1) | The applicant is not properly or adequately equipped or is not able to conduct safe operations.                                                                                                                                                                                                                                                                                                                                               |
| (2) | The applicant previously held an AOC or OC that was revoked;                                                                                                                                                                                                                                                                                                                                                                                  |
| (3) | The applicant intends to fill or currently fills a key management position listed in GACAR Part 121 or 135, as applicable, with an individual who exercised control over or who held the same or a similar position with a certificate holder whose certificate was revoked, or is in the process of being revoked, and that individual materially contributed to the circumstances causing revocation or causing the revocation process; and |
| (4) | An individual who will have control over or have a substantial ownership interest in the applicant, had the same or similar control or interest in a certificate holder whose certificate was revoked or is in the process of being revoked, and that individual materially contributed to the circumstances causing revocation or causing the revocation process.                                                                            |
