

## SERVICE INDICATION FORM

This is the Service Indication Form ("**SIF**") referred to in the circular from the General Authority of Civil Aviation (GACA) of Saudi Arabia (the "**Authority**").

The information requested below is required for the transmission of data to the Authority's contractor, SITA Technologies B.V. Please therefore complete, sign and return this SIF to GACA within 21 days of the date of the Letter, so your organization is in a position to use the APP System when introduced.

It is accepted that airlines may change their systems or connectivity. SITA will utilise the following information in order to guide initial discussions with the airline.

### **Airline details**

Airline name:

IATA code:

### **Contacts**

#### **APP Project Management**

Name:

Title:

Email:

Title:

Email:

Phone:

Mobile:

Fax:

#### **Local contact in Saudi Arabia**

Name:

Title:

Email:

Phone:

Mobile:

Fax:

Postal Address:

**Status of APP compliance in other countries**

Please tick <input type="checkbox"/> against the respective countries if you are currently operating scheduled services (online or code-share) to that country.		
Tick if applicable	Name of Country	APP method used, if any (eg DCS integrated, standalone, carrier portal)
<input type="checkbox"/>	Australia	<input type="text"/>
<input type="checkbox"/>	Bahrain	<input type="text"/>
<input type="checkbox"/>	Kuwait	<input type="text"/>
<input type="checkbox"/>	New Zealand	<input type="text"/>
<input type="checkbox"/>	Qatar	<input type="text"/>
<input type="checkbox"/>	South Africa	<input type="text"/>
<input type="checkbox"/>	United Kingdom	<input type="text"/>
<input type="checkbox"/>	United States of America	<input type="text"/>
<input type="checkbox"/>	<i>Others, please specify</i>	<input type="text"/>

**Computer System & Telecommunication Network used**

Please indicate the computerized departure check-in (DCS) system which you are currently using and will be using to comply with the Saudi Arabian APP Service for inbound flights?	<input type="checkbox"/>	<i>Specify system used</i> <input type="text"/>
Are you using a computerized crew management system?	<input type="checkbox"/>	<i>Specify system used</i> <input type="text"/>
Are you connected to an airline telecommunication network?	<input type="checkbox"/>	<i>Specify the main network provider ie SITA or ARINC or others</i> <input type="text"/>
Do you use a Ground Handling Agent in a Saudi Arabian port for outbound flights?	<input type="checkbox"/>	<i>If so, please advise company name</i> <input type="text"/>
What DCS do you or your Ground Handling Agent use for outbound flights?	<input type="checkbox"/>	<i>Specify DCS</i> <input type="text"/>
Is the DCS used for outbound flights capable of sending APP transactions?	<input type="checkbox"/>	<i>Specify APP capability</i> <input type="text"/>
Will your airline or Ground Handling Agent need to develop new and customized application/software to meet the Saudi Arabian Government's requirements for APP ?  Please assume that the APP requirement will be in line with APP implementations in Australia, New Zealand, Qatar, South Africa, Kuwait and Bahrain. Nevertheless the Government reserves the right to require additional data elements if needed.	<input type="checkbox"/>	<i>If yes, please provide details and specify the timeframe required to develop this new application/software</i> <input type="text"/>
